

Dear St. Stephen families,

I know that many of you have inquired about Fr. John. He is resting and taking some time off to heal. He had a minor stroke over the weekend, but he is doing well now. We are respecting his privacy during this time so that he can get rest.

I understand that everyone is concerned; we are too. The best thing that we can do for Fr. John is to pray for him, but also to pray for vocations. Now, more than ever, we need more good men and women in the clergy and religious life.

Fr. John does so much for the Parish and community with his prayers and works of Mercy. We can honor him with our prayers and our own works of charity. Please respect his privacy and pray for him and his family during his healing process.

Respectfully yours,

Mrs. Christine Vaughan
